TECHNOLOGY SUB-COMMITTEE – LRP

GOALS/SCOPE OF WORK

- Review all current digital systems in use in SCG, understand their function, interactions, and technology
- Conduct interviews with key staff, committee, clubs and other constituents for current likes/dislikes and future needs
- Develop a list of potential projects, prioritize and test feasibility
- Survey residents for input on projects
- Test output from committee work and survey with key constituents – CAM, Committees, Clubs, etc
- Develop rough cost estimates and implementation details/ issues for all feasible projects
- Conduct a Town Hall to explain new applications and projects, with timelines and rough costs
- Develop final recommendation to LRP with projects, costs, timelines, etc
- Gain acceptance of plan with SCG BOD

POLICIES & PROCEDURES

- The sub-committee will meet monthly, with additional work sessions as needed
- All members of the committee will have specific projects and other responsibilities
- Work by members will be required outside of scheduled meetings
- Lively discussion and interaction amongst the members is to be respectfully encouraged
- Alternate approaches will be discussed and valued, but directional decisions will need to be made
- Outside input from other professionals will be encouraged and scheduled with the team when needed. Contract work may be required
- A close working relationship with CAM, other committees, and clubs will be required. Liaisons will be established as necessary
- LRP will be updated monthly on the progress of the committee’s work
- Other communication methods will be utilized as needed

Please submit your completed application to carolwhite522@gmail.com by the deadline of November 29
